

Lab 9 - Evidence Checklist

Combine Shapes with Pathfinder and Wrap Text Around a Clipping Path | LO2 | TGS-2021007827 | v13.0

File Control

- ☐ I kept HP_Magazine_2.indd unchanged.
- ☐ I saved my completed native file as Lab-09-Completed.indd.
- ☐ All linked assets are inside this lab folder or its subfolders.
- ☐ The file opens without an unexpected missing-font or missing-link alert.

Required Evidence

- ☐ Updated HP_Magazine_2.indd
- ☐ Compound-path screenshot
- ☐ Text-wrap offset screenshot

Acceptance Gate

- ☐ The logo overlap shows the page through it, the Pathfinder shape is a single path in the Layers panel, and body copy follows the orchid outline with an even 3 mm gap on all sides.
- ☐ I checked for overset text, hidden objects, unintended RGB/spot colours and output settings as relevant to this lab.
- ☐ My screenshots show the full application panel and enough page context for a trainer to verify the result.

Learner Reflection

What was the most important production decision in this lab?

What would you check first if the file failed at handoff?
